To Whom It May Concern

It is my true pleasure to write this letter of recommendation for **Mr. Younes Abdallah Alturkey**, who was my student in the Component Based Computing (CPCS404) course. Younes is, without question, one of the outstanding students of my class.

He has achieved excellent results in this course - passed all proposed tests, practical works and showed excellent knowledge of both practical and theoretical material. This is evidenced by his marks.

Considering his keen interest in pursuing higher studies and his inclination for research-oriented study, I strongly recommend him for admission into your graduate program with all possible financial assistance and also wish him the best for the future. If you have any further questions with regard to his background or qualifications, please do not hesitate to contact me.

Best regards, Sincerely
yours,

Dr. Asif Irshad Khan
Assistant professor
